**IN THE NAME OF GOD**  
**THE ANNIHILATOR OF THE OPPRESSORS**

**A CALL : MUSLIMS**

We are addressing to you in the name of the thousands of martyrs who are falling and are being killed in the hands of the butchers of BA'TH party in jails and in execution caces, the name of millions of the sufferers and the depressed of the natives of our Iraqi people.

For your information, natives of this people are getting killed, its believing youths are getting suppressed, its freedom is being taking away. It is suffering from the operations of exiling, expelling, deporting and mass killing. Then it is not allowed to claim or to cry out for help. And the world around it doesn't hear its distress and pain.

Didn't THE BA'TH execute Ayatullah Mohammad Bager Alsader the Islamic Thinker and a genius scholar???

Didn't THE BA'TH execute Sayyed Gasem Shobbar, brother Abdulameer Mashkoor, and his sons, Shaikh Mahdi Alsamawi, and hundreds of martyrs.....etc..... at 1979

And now, tens of thousands of struggling youths and free believers live struggling in the darkness of SADDAM's jails.

And all those people are only guilty for saying our lord is God, so for that reason they are taken, jailed and tortured. A few of them face killing or execution. And what is their crime? their crime is belonging to Islam. They are punished for believing in God, sticking to their religion, and the troubles they go through for God's sake.

Recently SADDAM engaged in deporting more than fourty thousand Muslim Family from Iraq and throw them on the Iranian borders. He seized their assets. Although they are Iraqis and were living in Iraq for centuries. He broke international laws, customs and humanitarian values and churecteristics. He was playing with their desting and integrity.

Why is all this injustice and suppression happening in Iraq???

How long our muslim people in Iraq live under arrest, torture and terror???

Why is the whole world deadly silent about it and engages in deliberate neglect on what is happening in Iraq???

What is the plot set up by the American imperialism and international nazism???

The Islamic Task Organization, which started its political struggle since the 60's, has chosen military struggle as a method to the solution. Its fighters are carrying arms to resist the wicked BA'TH and to fight the fascistic .

Takreeti system in Iraq and to break the reign of terror that was forced on our people by SADDAM.

Our fighters had engaged in several military operations against the agents and the centers of the hateful BA'ATH.

Here they are:

In Ashoorah, 1400 in worshipped Karbala while the people were observing the martyrdom of the father of the revolutionists, HUSSAIN Bin Ali, (the grandson of prophet Muhammad), the authority was engaging in suppressing the people not

to shout out their pain. Taleb Aluan who is well known by the name Jaber attacked BA'ATH officers. He killed four of them and injured. He was taken to a hospital ,he was taken to a jail afterwards, he was executed later.

He was asked by the head of SADDAM's intelligence "why he did it?", he answered "because I hate every BA'ATHI, there are fifty of my friends , whom I know ,who are just like me, what about the others and they are a lot."

In April of this year, Sameer Noor Ali and another companion attacked the ceremony stand where there was the murder and the agent Tareq Henna Azeez in Almustansereyah University. He killed two agents of BA'ATH system. The murderer Tareq Azeez was injured. Sameer was martyred. His friend escaped unharmed.

During the two BA'ATHIS funeral, fighters of the unit the martyr Abukhaled attacked the agents of the establishment that were at the funeral with a hand grenade. A group of SADDAM's mercenaries were killed and injured.

In June 6, 1980 A group of the martyr Sameer Noor Ali attacked BA'ATH establishment in Rome and killed two of the establishment agents.

The struggler Muthaffar Bakr was injured. He

was carried to the hospital later, he was martyred .

In the night of July 14, 1980 the group of the martyr Muthaffar attacked a photographic expedition for the Agent SADDAM in Baghdad, they wanted to kill the murderer Tareq Azeez the one was supposed to open the expedition, but he didn't attend and septa substitute.

The substitute was killed and brother Abuzyad was martyred armed. There is a chain of operation in Iraq implemented by strugglers in Iraq against the agents and the centers of BA'ATH establishment and against the butchers of the terrorist dictator SADDAM. The goal of it is to shake up the bases of the fascistie establishment that dominates our muslim people in Iraq. The Islamic Task Organization, the guider of the armed struggle, calls all the free strugglers in Iraq and all the muslim people to unite and join to gether in ourder to set free the suppressed muslims in Iraq from the paws of the BA'ATH establishment.

Our uprising people in Iraq reacts to the murders of SADDAM and to the cruelty of his establishment with more struggle, blood and martyrdom.

Everyday falls down more of our martyrs on the land of struggle and freedom.

Everyday our struggling people are led to jails and hanged.

Everyday SADDAM establishment, the agent of international imperialism, becomes more cruel and suppressive, it engages in operations of deportation and elimination against the peaceful sects of people. It arrests the believing youths in the mosques and the worshipped places. It deports families from their houses. It throws them at the Iranian borders after they seize their assets, with the excuse that they are Iranians which is a lie.

SADDAM's establishment is dying nowadays, what you hear from its propaganda and its paid defenders is just like the sound given by a person who is going to die. The eliminating and attacking operations inside and outside Iraq either against our people or against the Islamic revolution are only opportunistic operations committed by America's agent SADDAM hoping to extend his throne of authority more hours, or more day. Only that his end is unescapable and his removal is close. The day is coming soon when the struggle of our people and his deter-

mination will win and it accomplished victory over its enemies, it will then apply the principles of justice and freedom and establish independent Islamic republic in the Islamic rising Iraq.

"AND SAY (ON TO THEM): ACT ; ALLAH WILL BEHOLD YOUR ACTIONS, AND(SO WILL) HIS MESSENGER AND THE BELIEVERS".

## HOW DID SADDAM TAKE THE AUTHORITY ?

Since the BA'ATH took over authority in Baghdad in 1968 with the help of Abdulrazzaq Nayef the authority was shared between two wings:-

- (1)- A wing loyal to Britain led by Ahmad Hassan Albaker who enjoyed the support of the army and the educated.
- (2) - A wing loyal to America and the Zionism led by Saddam Hussain which consisted the civil members of the party.

Iraq was one of the centers of struggle between the two authorities.

The American Saddam started to establish and build up his authority opening the way to his American masters.

With the increase of the American authority and the decrease of the British authority, Saddam started to eliminate his competitors and rivals on authority which consisted the militant members of the party and the remainders of the British wing such as Hardan Altakreeti, Saleh Mahdi Ammash, Abdulkareem Alshaikhli, and Abdulkhaleq Alsamara'e. Finally, he rebelled against Ahmad Hassan Albaker and he came to the presidency, then he eliminated his close peers, Muhammad Ayesh, Muhammad Mahjoob and Adnan Hussain.

Finally obviously with the help of America, he overthrew Ahmad Hassan Albaker in 1979.

He removed him from the throne to have the authority for himself and to control the destiny of 13 million Iraqi and to sell the people and the country to secure the American interests in the region.

Obviously, Saddam couldn't have done all this alone, if he wasn't backed by the struggling forces and the competitive political powers on this strategic location of our Islamic world, so the American scale.

When Saddam acquired the presidency of the country, it accompanied with the increase of

the American influence in Iraq.

As a result fluated on the surface were political, economical and military changes. All of which pour in the American interests stream and its imperialistic plots in the area.

## THE RELATIONSHIP BETWEEN IMPERIALISM AND BA'TH

Since a year ago, Saddam started in his speeches to make passes at the American government, and to seek its approval. In one of his speeches, he said: "we are ready to establish a good relationship with America". In another speech this year he said: " we are establishing relation with American companies and not with American government".

In the year of 1970, when Saddam returned from his visit to Moscow, he claimed that twenty seven companies out of twenty nine large companies in Iraq are American ((Note:- they are the ones that are building a petro-chemical assembly in Basra and the lines of a port. There is more than four hundred American employees working in Basra alone.)) to indicate

his sincerity to the American line and his securing of American interests. In the time when the BA'ATHI System instruments were drumming up and sounding off their opposition to the American imperialism and assuming a nationalistic and revolutionary gestures.

Secret visits started between the officials of Baghdad and Washington and arrangement of meetings and conferences behind the curtains.

(A):- In the beginning of the year 1979, Saddam's foreign minister secretly visited Washington. He was a guest at the White House. He remained there for approximately ten days. In his way back, he held some meetings in London.

(B):- A meeting was held between Saddam Hussain and Brezinski, the national security advisor to Carter on the Jordanian-Iraqi borders.

(C):- On August 15, 1980, Saddam visited Saudi Arabia. He met some American officials. They decided to return the relationship between Iraq and the U.S.

On the military side. America wants to control the Iraqi army and force it to protect Saddam's authority, thus securing the American imperialistic interests.

After the fall of the Shah, the Pahlwi regime in Iran, the departure of the supervisor of the gulf, and the rise of the prosperous Islamic revolution led by Imam Khomeini, America started plotting to find another supervisor who would play the role of the deceased Shah in protecting the American interests in the region.

Saddam was the candidate for the role. For that reason, America started to arm Saddam and to supply him with military capabilities and arms that prepare him for that rule. It allowed Italy to sell Iraq arms and military equipments.

It sold Iraq eight torpedoes for 11 million dollars. France is supplying Iraq with atomic energy.

## THE BA'TH'S HOSTILE ATTITUDE TOWARD THE ISLAMIC REVOLUTION

On the other hand appears the harmony of Saddam's regime to the American imperialistic line through the hostile and a fighting attitude toward the Islamic revolution in Iran.

That attitude reached to the point of declaring war on the Islamic Republic and causing troubles and disturbances for it and interfer-

ing in its internal affairs by sending destructionists, arms and money to the minorities areas and by supporting the rebels in Kurdistan. It is attacking the Iranian borders every day with heavy artillery. It is giving refuge to the Shah's sawaki remnants and American agents such as Bakhtiar, Adisi and Palisban. It is giving them military assistance for the constant conspiracy on Iran and the Islamic revolution. It is accompanying all this with a sphere political war and propaganda stirred by Saddam and his agents on the Islamic revolution in Iran.

The greatest motive for this which made the American Saddam takes that attitude and to perform those hostile steps is his fear of direct threat on his throne from the effect of Islamic revolution in Iran. This it is throwing two birds with one stone when it opposes and fights the Islamic revolution in Iran.

On one hand it strikes the Islamic revolution in Iran implementing the plots of American imperialism and international zionism.

On the other hand it suppresses the revolution of the muslim Iraqi people.

Arrests, executions and eliminative operations in the ranks of the army, the workers, students, and teachers, the employees have increased recently.

One report issued by the International Pardon Organization said; "The severity and the roughness of the executions in Iraq in the recent months and the formation of secret trails are considered violations of the international law which Iraq had committed itself to in the field of human rights.

It asserted that prisoners of which Iraq presented their names to it since 1974 were executed in a period of two weeks it added that the eliminations and the execution of the principal employees after a short period of Saddam's presidency which was last year. (1)

In order to distract the world of an Islamic movement inside the country, it started a border war with Iran. It deported more than four-

ty thousand families on the claim that they descend from an Iranian origin, it is accusing every opposition that they are Iranian agents and linking every American-Ba'athi conspiracy on fighting the Islamic revolution in Iran and Iraq is growing in size and taking different dimensions. It is building up out of the area, the point of struggle and competition on interests, oil wells, wealth, which exist in the Gulf area and the Islamic country.

The conspiracy is set up in Baghdad. All the sides which appear in conflict from the extreme right to the extreme left such as the American agent Bakhtiar, the rest of the escapees from justice in Iran, the reactionary Saudi regime and the Zionist traitorous regime of Sadat are all brought together by the American umbrella.

The danger they all fear is the increase of the Islamic revolutionary wave after the victory of the Islamic revolution in Iran.

The goal that is agreed upon by those sides reactionary, liberal and the middle is to hit the Islamic revolution in Iran and in the area and to prevent in any way without success this new revolutionary experience and to destruct the development of a pleasant Islamic culture and a

third superpower which gathers the meek people and to fight for freedom, justice and peace.

Therefore it is required from the people to join together and unite its struggle against the international and American imperialism and against this leveling conspiracy between the agents of America, Saddam, Sadat, Saudi rulers and the rest of the slave regimes in the area.

The people had realized the linkage between these regimes and the America, how they receive orders from Washington to suppress people, suffocate them and kill their freedom and strugglers.

In Iraq, Palestine, Saudi Arabia and Bahrain, a single plot to being set up against the people their integrity, their belief and their holy places.

So the Muslim people are to unite to reject the evils, resist the slave regimes and their dictatorial and arrogant rulers and to have a strenuous effort and determination against the enemies of God and humanity.

## MUSLIM BROTHERS :-

Today we are going through a difficult stage were imperialistic and agent powers. The imperialistic conspiracy to destroy Islam and to rob our wealth and rights and to prevent our independence and to take our freedom.

Why don't the muslims unite against their enemies of their religion?. Why don't they be one hand on others?. Why don't they reestablish themselves and to prepare their substantial and moral strengths and be a one row, as a solid structure.

"Make ready for them all they canst of (armed) force and of horses tethered that thereby ye may dismay the enemy "

"Fight the heads of disbelief-lo. they have no binding oaths-in order that they may desist."

"How should ye not fight for the cause of Allah and of the feeble."

God's Messenger said: "Muslims are as a single body if one member complains the rest of the members followed with unrest and fever"

"Muslims are as a solid structure each backs up the other."
